**Amsterdam Science & Innovation Award 2023**

The competition for research based ideas and innovations! Submit your idea and have a chance to win € 10,000!

# The Amsterdam Science & Innovation Awards 2023

Participation in this competition gives you a chance to explore the potential of your research based idea, innovation, new product and/or service. You work towards the applicability and feasibility of your idea, no matter how preliminary its stage is.

## Why participate

- Transform your idea into a concrete proposition
- Get professional feedback from IXA's team
- PR opportunities to promote your idea
- Strengthen your pitch skills
- Expand your network, find partners and/ or funding for your idea
- A chance to win € 10.000

## Criteria for participation

- The AmSIA is open to researchers, students and staff from Amsterdam based knowledge institutes (HO and WO)
- Your idea has to contribute positively to one of the Sustainable Development Goals of the United Nations

## Important dates

## How to participate?

Give your idea a kick-start in making a difference!  
Go to our website and download the registration form.

Sign up!

More info

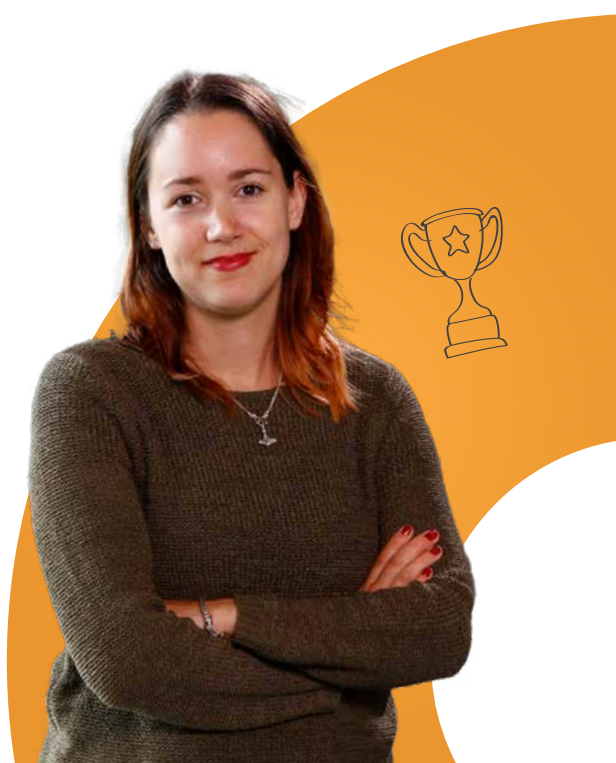

## Need help with your application?

[Join one of our workshops](#), on 21 March or 18 April,  
and get help writing a sound and clear application.

"Winning the AmSIA greatly  
contributed to our work.  
The prize has helped attract  
more funding and support  
but more importantly it also  
stressed the importance of  
what we're doing"

### Nathalie de Vent

UvA, Department of Psychology  
and Director of ANDI  
Winner Innovation Award 2017
